Opis produktu

Precision 3mm & 4mm double turnbuckle wrench machined from special self-developed, world-renown HUDY Spring Steel™ to ensure maximum strength, durability, and long life. This turnbuckle wrench is additionally hardened to provide unmatched life span.

- Smart fork design ensures perfect fit to 3mm & 4mm turnbuckles, minimizing wear and rounding of the tool shape.
- Wrench head is hand ground on a precision grinding machine to ensure a very precise shape to be a snug fit on the turnbuckle.
- Fork end is additionally ground flat to keep the tool shape as thin as possible for very easy access in restrictive areas.
- Laser-engraved HUDY logo and turnbuckle size for quick & easy identification
- Popular turnbuckle sizes available: 3mm, 3.5mm, 4mm, 5mm, 6mm
