Cena brutto	112,05 zł
Cena netto	91,08 zł
Dostępność	Aktualnie niedostępny
Numer katalogowy	V3-Black
Kod producenta	V3-Black

Opis produktu

New V3 Black tire additive is moved to a higher level and comes out from the most popular Mighty Gripper's V3 Yellow.

Black is quickest handling and time up so easily at stock class. And very high flowing speed.

Tested on multiple surfaces with average difference per 13s lap was 0.4s faster for V3 Black in comparison with V3 Yellow.

Color	Properties	Grip Power	Sustainabili ty (of each apply)	Flow	Dust Resistance	Application Time (before run)	Chemistries	
Yellow	For High Grip Track: It has most flowing cornering speed in the very high grip condition.		Weakest	Standard	Highest	Low	3 - 10 min	All Rul tires All Foa tires
Blue	For Tire Preparation: This has Strongest grip in all Mighty Gripper's line-up.		Strongest	Short	Low	Low	10 sec to 1 min	All Rul tires All Foa tires
Red	For Oily Track Surface: This made of oily track and low traction track. Effective for Tamiya and Ride tires.		Medium Strong	Long	Standard	Standard	1 - 5 min	All Rul tires All Foa tires Tamiy Ride t
Black	Most Sharp Handling: Stock class special. Based on Yellow. Able to add grip for sideways more. Sharpest.		Strong	Long	High	High	3 - 5 min	All Rul tires All Foa tires
White	Balance Grip and Flow: Good to use for high power class. Used of new materials. This has flow and stability together.		Strong	Longest	High	High	3 - 10 min	All Rul tires All Foa tires
Orange	Balance grip and flow: Good to use for High Power Class.		Strongest at out door	Longest	Standard	Highest	1 - 3 min	Strong grip at
