Opis produktu

The line of MR33 World Champion Tools has everything the passionate RC racer needs to maintain his cars in the best possible way. All the most important Hex Drivers from 1.5mm to 3.0mm are available in a standard Hex Driver version and with a Round Head Hex tip as well. The line of tools also includes Phillips- and Flat-Head Screwdrivers and the 5.5 and 7.0mm Nut Drivers are rounding up the perfect selection of MR33 world champion tools.

All tools are manufactured from high quality materials (aluminum main shaft and hard hex tip for an extended lifetime) and carry a MR33 logo for a cool factory look!
