Cena brutto	273,00 zł
Cena netto	221,97 zł
Dostępność	Dostępny
Numer katalogowy	XP-10641
Kod producenta	XP-10641

Opis produktu

Description:

Change how your car behaves in the middle of the corner with the Xpress on-power Control System (XOC), adjust the angle with spacers to differ the toe-in change during suspension compression. Comes with special cut arms so you can adjust the wheelbase to be the same as if no XOC was used. V2 uses the new 3.0mm outer suspension pins which adds stability over the V1 variant with the Hard Strong plastic arms included!

Feature:

- For: Xpress Execute Touring
- Material: Plastic/Aluminum
- Color: Black/Red

Include:

- XOC Hard Strong Suspension arms (2 pcs)
- Ball Cups (2 pcs)
- Steering Block (2 pcs)
- Graphite Steering Block Plate (2 pcs)
- Aluminum 0deg. Hubs (2 pcs)
- Mounting Hardware (1 pack)
