XRAY 302363 COMPOSITE C-HUB RIGHT - 4° DEG. - MEDIUM (ECS)

Cena brutto	39,92 zł
Cena netto	32,45 zł
Dostępność	Dostępny
Numer katalogowy	302363
Kod producenta	302363

Opis produktu

Molded composite C-hub for right steering block of T2, T3. Caster pre-set at 4°. Medium rigidity for rubber-tire racing. Use with matching left-side C-hub #302364. Can be also used for foam tires.

New C-hub has large openings for quicker & easier assembly/disassembly of CVDs. The entire CVD assembly can be easily inserted/removed through the C-hub without the need for disassembly, and the large openings prevent binding of the CVD in serious crashes.

The C-hubs are available in all standard caster angles (0°, 2°, 4° and 6°) and are also available in 4 different hardnesses (Medium, Hard, Graphite and Alu) that are optimized for particular racing conditions. The EU Edition includes medium rigidity (M) C-hubs specially optimized for rubber-tire racing, while the US Edition includes hard rigidity (H) C-hubs specially optimized for foam-tire racing.
